

# VIRTUAL PROFESSIONAL DEVELOPMENT WORKSHOP

## Integrating LabXchange and ABE

LabXchange is a free platform for science education created at Harvard University that personalizes learning.

LabXchange is offering a virtual professional development workshop in February 2020 to support ABE teachers in integrating LabXchange with their existing ABE curriculum. In this workshop, you will:

-  **Learn how LabXchange can support differentiated, student-centered learning in a hybrid setting.**
-  **Take a guided tour of the resources created by LabXchange to complement the ABE curriculum.**
-  **Identify how the interactive simulations and customized pathways available on LabXchange can be used to enhance your ABE lab experience.**

The workshop includes a 1-hour interactive webinar with LabXchange staff. You can also earn up to 10 PDPs by completing a pathway design and implementation project.

**REGISTER HERE**

### Webinar Dates:

2/13 at 8pm EST

2/18 at 10am EST

2/22 at 12pm EST
